REFUNDING BOND ISSUE CARRIES,  
IMPROVEMENT ISSUE IS DEFEATED.Total Vote in the Municipal Election Yesterday Was 651  
in the Seven Wards.

## FOUR WARDS FOR BOTH ISSUES

The First, Second, Fourth and Fifth,  
While Disgruntled Politicians Were  
Active in Third, Sixth and Seventh  
to Defeat Both Issues.

The municipal bond election in Connellville yesterday was an even split. The refunding issue for \$35,000 was carried by a margin of 24 votes. The proposed issue for \$25,000 for street improvements was lost by 90 votes. The total vote cast in the seven wards was 651. Apparently little interest was taken in the election. Four wards in the borough, the First, Second, Fourth and Fifth cast their votes in favor of both bond issues. The Third, Sixth and Seventh Wards registered votes against both issues. The present administration in Connellville, in accordance with a policy agreed upon made no effort whatever to influence the vote on either of the propositions before the voters. They preferred a free expression arrived at solely on individual opinion and desired that sort of a vote.

The Democrats prominent for years in old organizations of Council in the Third Ward made a hard fight against both bond issues and in the Sixth and Seventh Wards on the West Side John Dugan fought both issues. The position of the Democratic leaders was a peculiar one relative to the refunding issue of \$35,000 which carried. A big share of this indebtedness was incurred by the Democratic organization of Council controlled by Third Ward Democrats. The refunding issue of \$35,000 not only served to validate this indebtedness at his late date, but it also provided for a saving of about 2 per cent. in interest to the taxpayers of the borough. A well known citizen and property owner said this morning:

"The Democrats and their ally on the West Side, John Dugan, made an effort to embarrass the present organization in Council yesterday. If they had made their fight only against the street improvement bond issue perfectly legitimate reasons could be given for their action in herding so large a vote as possible in the wards in which they were active. But when they also tried to defeat the refunding issue of \$35,000 to make good the credit of the town after their reckless expenditure of public money, and beyond its legal limits, they let the cat out of the bag and made apparent their selfish and unworthy desire to handicap the present Council. Dugan and the Democrats on this side of the river are sore. They couldn't resist the temptation to knock Connellville through an organization of Town Council that left them out of control. In the three wards that went against the bond issues much of the floating vote as possible was rounded up and instructed how to vote. On the West Side the silly argument was made that the West Penn Lignite Company and the Connellville Water Company had made a plea for the money due them and inspired the refunding bond issue. Nothing was said about the fact that both those companies are now getting six per cent. interest on the money due them from the borough, whereas under the refunding issue only about four per cent. will be paid. Dugan labored all day and boasted much that he was especially interested in killing off the refunding bond issue because the Courier was for it. As usual when Johnny runs up against The Courier, I notice that he got a licking."

Chairman W. H. Thomas of the Finance Committee said this morning:

"The members of Council are satisfied with the result of the bond election. It will be a matter of relief and satisfaction to Council to know that

the borough's outstanding indebtedness can be cleaned up. Of course we would have liked to see the street improvement bonds carry, but the real disappointment will come to those citizens who were anxious for the improvement of streets in their sections of town."

"A rigid policy of collection has been outlined by President James B. Millard and the members of the Finance Committee. We are going after this money, much of which has been due the borough for a long time. With these collections made the borough will be in excellent financial condition, and some of the most considerable of the street improvements asked for, will be taken care of."

Down town this morning many expressions of approval of the action of the present organization in Council towards the bond issues were heard. They are given credit for the movement to put the borough on a business footing and for the pride they have shown in keeping in good the credit of the borough. The perfectly impartial manner of the members of Council and the Republican leaders in Connellville in leaving absolutely to the voters the decision as to whether the bond issues should pass was also praised. If they desired to take a hand in the election they could easily have gotten out a vote sufficient to carry both issues. Their attitude was in marked contrast to that of the disgruntled Democratic leaders and their pettifoggers in the political game.

The vote in detail in the seven wards was as follows:

Ward	Refunding Streets	Yes	No
First	64	11	53
Second	51	35	16
Third	34	47	13
Fourth	54	25	29
Fifth	61	17	44
Sixth	21	91	70
Seventh	36	42	6
Total	338	213	125

## TOOK NINE MEN TO HOLD HIM

Threatening Letters.

Special to The Courier.

UNIONTOWN, July 13.—Charged with being a member of the Black Hand organization and worrying over a love affair, Nicola Rusiti, a Scottish Italian attempted suicide in the county jail last evening by hanging his head against the bars of his cell. Only the timely arrival of assistance prevented a fatality. Rusiti was jailed last Sunday at noon by Constable Charles Betts on an information sworn to by Joseph Carnino, a well-to-do South Brownsville baker, charging him with sending threatening letters.

Since his arrest he has proved a model prisoner. No trouble was expected from him and he was allowed the freedom enjoyed by the other inmates of the jail. It was noticed that he paid little attention to those around him. About 8 o'clock last evening he

## DOG QUARANTINE

Has Been Put in Effect in Fayette  
County for Month.

The residents of a greater part of this county will have to muzzle their dogs or run the risk of having them shot. Notices were posted broadcast yesterday by the State Live Stock and Sanitary Commission stating that all dogs will be quarantined for 100 days owing to the fact that hydrophobia and rabies exists in this county.

PRICE OF GAS IS  
BOOSTED HERE.Fayette County Gas Company  
Raises Price to 30 Cents  
Per Thousand Feet.

## EXCUSE FOR RAISE IS FLIMSY

Standard Oil Company Has Just Pur-  
chased the Concern and Begins Its  
Usual Tactics—Independent Com-  
pany May Enter Field.

Fayette county is in the grip of the octopus. Close upon the heels of the purchase of the Fayette County Gas Company by the Standard Oil Company comes the announcement of an increase in the price of gas. Not to increase amounts to 2 1/2 cents per thousand and cubic feet. Instead of 27 cents, with a discount of 2 cents per thousand and if the bill is paid on or before the 10th of the following month, the price beginning with the August meter readings will be 30 cents per thousand with a discount of 2 1/2 cents.

The explanation of the gas company regarding the increase is printed in an advertisement on another page today. Its excuse will be regarded by consumers as flimsy. The increase will be generally regarded as unwarranted. The Fayette County Gas Company is not a popular public service corporation. Its officials in the past have followed the antediluvian "public be damned" policy and this has not endeared it to the heads of the gas purchasers to any noticeable extent.

When repairs are made the gas generally goes off without an instant's warning, and most housewives are firmly convinced that the company does its repair work only at a time when gas is most needed. Inquiries regarding the shortage by the past have been received with but scant consideration.

The increase, coming at this time, places Superintendent Best in an unpleasant position. It is known that notice of an increase came as a complete surprise to him and he had received no intimation of the increase prior to receiving the official notice from headquarters.

Mr. Best has just taken charge of this district and has been working with a view of creating a more friendly feeling between the gas company and its patrons. The increase will not have any tendency to foster this sentiment.

Independent of this latest evidence of rapacity on the part of the Standard Oil Company, which is living up to its unsavory reputation of gouging the public at every opportunity, it is stated on reliable authority that a new corporation will apply for a franchise in the borough within the next year. There is little question but that the franchise will be granted. The Fayette County Gas Company has long enjoyed a monopoly of the local field.

Printed Letter Yesterday Attacking  
American Diplomacy.

United Press Telegram.

BERLIN July 13.—Germany today experienced a complete change of heart regarding America's attitude towards her diplomatic relations in Central and South America.

Yesterday newspapers controlled by the Foreign Office and which print the latest news not sanctioned by the highest officials of the government, declared that Germany would never submit to American supervision of her relations with those countries.

This afternoon the government papers declare that Germany recognizes the right of the United States to maintain a self-appointed guardianship of those countries.

This unexpected change of front on the part of the Foreign Office is scarcely explicable and is only one of the many instances where the Foreign Office has reversed itself.

The members who do not appear to work in harmony. Instances are numerous where one member will give out a statement and another will deny it.

It is not common, however, for the Foreign Office to issue a statement of one kind to one correspondent and a statement diametrically different to another.

That the government realizes it has placed itself in an unpleasant situation with America is shown by the statement today that the Austrian, Danish, Norwegian, Belgian, Swiss, Chilean and Argentine governments have recognized Madrid before the Kaiser wrote his "Good, good friend" letter.

LONDON, July 13.—Berlin dispatches to various English newspapers today indicate that the Germans generally believe the English press is endeavoring to cause trouble between the United States and Germany by placing a false construction on the Madrid letter.

The London papers ignore the matter editorially but reprint German comment on the incident.

## Local Lawyers

Hike to Picnic  
at Chalk Hill

This is a bad day for legal advice. Every active practicing attorney is attending the annual picnic of the lawyers on the farm of W. E. Crow near Chalk Hill. Connellville is well represented.

L. S. Mellinger of Dawson took a party to the scene of the picnic in his automobile. His guests included Attorney S. R. Goldsmith, H. George May and J. Kirk Renner, W. D. McGinnis, who would like to be, and Editor J. J. Thompson of the News.

Attorneys R. S. Matthews, F. D. Johnson and F. E. Youkin traveled to Uniontown by train and joined automobile parties there.

Appeal From Surcharge.

The North Union township Road Supervisors have filed an appeal from a surcharge of \$1,881.25 imposed by the township auditors.

Married in Pittsburgh.

Clarence Gluchst and Miss Edna Phelan of Scotland were granted a marriage license in Pittsburgh yesterday.

The Connellville Township School Board met last evening in the Title & Trust building and elected teachers for all the rooms with the exception of room No. 1 at Humbert. The teachers elected to the various schools are as follows:

High School faculty, Roy Jensen and Miss Hattie Henry.

Gibson, Room No. 1, Miss Louise Barker; Room No. 2, Miss Dorothy Harbaugh; Room No. 3, Miss May Gilmore; Room No. 4, Miss Ruth Moore; Room No. 5, Miss Anna Williams; Room No. 6, Miss Winifred Thurgood; Room No. 7, Miss Eva Wilson.

Humbert, Room No. 2, Miss May Traynor.

Rock Ridge, S. B. Henry.

Washington, Room 1, Claude McCleary; Room No. 2, Levi Smith.

Norris, Room No. 1, Miss Pearl Morse; Room No. 2, Charles Thomas.

The new teachers are Miss Williams, Miss Traynor, Miss Gilmore, Mr. Smith, Miss Harbaugh and Mr. McCleary. Miss Henry was elected a member of the High School faculty, formerly taught in the township.

THE MILLER AND DULL CLANS  
TO HOLD REUNION AT KILLARNEY.Rivalry is Keen as to Which Will Round Up the Greatest  
Crowd From All the Mountains Round.

## PICNICS EARLY IN AUGUST

Tomorrow Y. M. C. A. Camp at Rogers  
Mills Will Entertain—Regular  
Schedule on Indian Creek Valley  
Starts Next Monday.

When the Dulls and the Millers hold their reunions at Killarney Park it promises to tax the capacity of the Indian Creek valley to hold them all. The Dulls come to bat first on August 3 while a week later, August 10, the Millers will get an inning. As the mountains are here are largely peopled by the Dulls and Millers, to gether with their relations, it is going to be some reunion.

There has been rivalry for generations as to which is the strongest clan and it may be that next month will see the show down. Grant Dull of town has charge of the Dull reunion. He is drumming up trade among the various family connections and has the promise of a mighty throng. Walter P. Miller of Indian Head, chief marshal of the Miller brigade, has gone the Dulls one better by inviting everyone of this section by the name of Miller to that reunion. The Millers also have a brass band engaged, one good lot that has slipped away from the Dulls so far. As the Miller family probably is the largest of any in Connellville there are prospects that the Baltimore & Ohio and Charles F. Hood's Indian Creek Valley line will have to charter a dozen or two extra trains for that occasion.

These are busy days at Killarney besides preparing for the invasion by the Dulls and Millers, Sam P. Hood, who has charge of the park, is also laying his lines for the Frick Veterans and their friends on July 21. The old timers in the coke business will bring along a big delegation of their friends and this will be one of the big parties of the season.

Tomorrow is Y. M. C. A. day at Rogers Mills. The fathers and mothers and sisters and brothers of the Y. M. C. A. campers, and their friends as well, will visit the big camp up the valley. A rousing delegation is ex-

Gotch is Willing

if Purse SuitsUnited Press Telegram.

CHICAGO Ill., July 13.—Harry Frazer, the theatrical manager who conducted the Jeffries tour, announced today that he had received positive assurance from Frank Gotch, that he would meet Jack Johnson if the negro agreed and a suitable purse could be secured.

Gotch thinks that the purse should not be lower than the Johnson-Jeffries fight purse. He prefers Australia for the contest. He states that he does not want any preliminary tour because he fears that the people would say that it was only a money making scheme, but that he wants to fight and win from Johnson because he would rather see a white man hold the title of champion heavyweight of the world.

PARTY OF FIVE AVIATORS  
KILLED WHEN DIRIGIBLE DROPS.Noted German Scientist, Herr Orbsloch, in Charge of As-  
cent When Something Went Wrong, and Men  
Were Dashed 5,000 Feet to Death.

United Press Telegram.

COLOGNE, Germany, July 13.—Herr Orbsloch, a world famous German scientist and aviator, and four companions were killed today near Paderborn in the western part of Germany while journeying in a dirigible balloon. Their bodies falling five thousand feet. The bodies were irretrievable when discovered. The balloon in which they were sailing belonged to the Rhine Aero Club and was one-sixth of the size of Zeppelin's dirigible. They left for Düsseldorf this morning. When they were near Paderborn

one of the balloons in the great balloon burst and the other gas bags were torn to pieces. The dirigible was completely wrecked.

Aviators are divided in their opinion of the probable cause. Some believe that the sun's rays expanding the gas caused the explosion. Others believe that one of the twenty-five horsepower motors exploded. Orbsloch was well known in America. He piloted the German balloon "Pommern," and flew in 1907 at St. Louis and New Jersey, winning the James Gordon Bennett cup.

AUTOMATIC SIGNAL SYSTEM  
INSTALLED BY THE WEST PENN.Auxiliary to Present Block Lights Will be Given Trial on  
the Main Line.

## EXTEND IT IF IT WORKS WELL

For the Present There Will Be Gen-  
eral Station in Dispatchers' Office.  
Here and Three Stations Along the  
Line to Uniontown.

Work is already progressing on an automatic semaphore block system which will be tried by the West Penn on the main line between Connellville and Uniontown. If the system works satisfactorily it will likely be extended to all parts of the system. Within the next 30 days the experimental plant on the main line will be in operation, unless something happens to hinder progress on it.

The automatic system works as an auxiliary to the manual block system now in operation. It will not supersede the present system. It is installed so that the dispatcher may get in touch with crews along the line.

The experimental system will consist of three stations in addition to the central board in the Connellville dispatcher's office. Although it has not fully been decided it is expected that the auxiliary stations will be located at Morrell, Mt. Braddock and Beaman.

Under the new system the dispatcher in Connellville can, by throwing a lever, stop the semaphore at any one of the three stations along the line. The semaphore then remains at the danger position until the crew of the car is desired to flag communication with the dispatcher by telephone. When the semaphore falls, the fact is reported back to the dispatcher by a telegraphic tape.

After the crew talks with the dispatcher it resets the semaphore and proceeds according to orders.

The mechanism at each of the stations is in a booth, which is kept locked and access to which can only be secured by employees supplied with keys.

The West Penn officials believe the movement of cars will be expedited by the auxiliary system as it will be within the power of the dispatcher to direct the movement of cars enroute, instead of depending entirely upon orders given at the terminals.

Superintendent J. W. Brown has for some years past advocated the use of such a system. He has seen the present system in operation and has also received endorsement of it from various interurban roads which have adopted this method of running trains.

Whether the system will be extended to other parts of the system depends on how well the experiment works between Connellville and Uniontown.

## POINT MARION'S BIG DAY.

Old Home Week Celebration is Draw-  
ing Big Good Crowds.

Nothing interfering, Point Marion expects to have a big time today. A drizzling rain put the ban on the celebration exercises yesterday. The Old Home Week exercises opened on Monday morning on Kersner's field with an address by Rev. Glenn Gordon, pastor of the Point Marion Roman Catholic Church.

The address was an able one. The events scheduled for today are parade, ball game between Point Marion and Masontown, dancing, concerts and various athletic feats.

## COOLER WEATHER

Came With Showers Yesterday and  
Last Night.

Yesterday's showers cooled the atmosphere to some extent but the first rain in the afternoon seemed to make the heat even more oppressive. The temperature readings yesterday were 75 and 82.

This morning the mercury registered 73 degrees. The air was much cooler than usual.

KEYSTONE TUBE WORKS  
TO START SEPTEMBER 1ST.President I. W. Bollinger States That Plant Will Make a  
Start at That Time—Progress of Erecting  
Plant Doing Nicely.

Such good progress is being made at the plant of the Keystone Tube Works in Dunbar township that President I. W. Bollinger stated this morning that the concern will begin operation by September 1. The plant is a veritable hive of industry these days, the construction of the plant being rushed forward to completion. Already some of the machinery is being assembled.

A Siemens regeneration gas furnace of the latest improved type is being erected at the plant by the Forner Miller Engineering Company of Pittsburgh and after this is up the same company will begin installing the gas producers to be used by the company.

Treasurer James B. McNary of the company was here from Pittsburgh yesterday afternoon going over various important matters with President I. W. Bollinger.

## SOCIETY.

**Church Society Meeting.**  
About 60 persons including members and friends of the Y. P. C. U. Society of the United Brethren Church, attended the monthly meeting of the society held last evening at the home of Mr. and Mrs. W. E. Coughlan on the Narrows. The crowd met at the home of Mrs. J. W. Leonard on South Pittsburg street and from there they were conveyed to the Coughlan farm in a large covered picnic wagon driven by Mr. Coughlan.

The meeting opened with the regular business session during which time business of a routine nature was transacted. A social hour and refreshments followed. All present spent a most enjoyable evening. The out of town guests were Edgar Shaffer of Scottsdale and Miss Alverda Hickey of McKeesport.

**J. O. C. Society Meets.**  
The monthly meeting of the J. O. C. Society of the Methodist Episcopal Sunday School was held last evening at the home of the Misses Miller on Patterson avenue. The inclement weather interfered somewhat with the attendance.

During the business session plans for a picnic were discussed but no definite arrangements were made. A delightful social session followed and many refreshments were served.

**G. A. R. Circle Meeting.**  
The regular meeting of the Ladies Circle No. 100, of the G. A. R., will be held tomorrow afternoon in Odd Fellows hall. Refreshments will be served at the close of the business meeting. All members are invited to attend.

**Aid Society Will Meet.**  
The regular meeting of the Ladies Aid Society of the Methodist Episcopal Church will be held tomorrow afternoon in the church. All members are invited to attend.

**Dance at Shady Grove.**  
A dance will be given tomorrow evening at Shady Grove park in honor of John Tulley of Gary, W. Va., who is here on a visit to friends and relatives.

## MISSIONARY WOMEN

**Of the Fourth District Meet Tomorrow at Tyrone Church.**

Final arrangements have been completed for the meeting of the Fourth District of the Women's Foreign and Home Missionary Society of the First Presbyterian Church at Tyrone. A very interesting program will be carried out and dinner and supper will be served on the lawn of the church. A number of members of the local society will attend. Delegates will also attend from Dawson and Scottsdale.

## Frank Christ Goes to Washington for Balto. &amp; Ohio

Frank Christ, B. & O. ticket clerk in Pittsburgh for more than a year, has been transferred to the Union Station in Washington, D. C. Mr. Christ's promotion since in the employ of the Baltimore & Ohio Railroad Company has been very rapid. His first position in the ticket office was assistant to local agent J. L. Douglas and last December a year ago he was transferred from the local office to ticket clerk in the Pittsburgh office. His work has been very satisfactory and as a result his promotion followed.

Recently separate ticket booths were installed in the Union Station at Washington, D. C., and Mr. Christ was one of two men chosen from this division to take charge of one of the booths. He passed through town last night en route to Washington. Mr. Christ is a former Conneessville boy and his many friends here will be glad to learn of his promotion.

## LIST GOES OVER.

**Civil Term of September Will Be Tried in October.**

UNIONTOWN, July 13.—The question of continuing the civil list has been under discussion for some time. Judge J. Q. Van Swearingen, at Tuesday's session of court, laid the matter before the attorneys present, and the large majority were in favor of putting off the civil cases until October. The matter was taken under advisement and later in the day an order was made directing that the regular September term of civil court be extended three weeks beyond the customary time and that the adjourned term commence on Monday, October 3, and continue three weeks. Thirty-five civil cases to be placed on the list for each week, and 65 traverse jurors drawn for service each week. This calls for 195 traverse jurors for the three weeks and the trial of 105 civil cases.

Criminal court will open the first Monday in September, as usual. The sheriff is directed to summon 24 grand jurors. There will also be 72 petit jurors for the first week and 80 for the second week.

The local bar was almost unanimously in favor of putting off the civil list until October.

The testimony in the case of the School District of Saltlick against ex-treasurer C. M. White was filed yesterday. The School Board brought suit to recover an illegal shortage from the treasurer. The suit was not being discovered until after the audit had passed upon the account and approved it. White contended that his account was correct, but held that even if he had made a mistake the School Board had forfeited the right to appeal. The case was heard at a night session on the night of February 11, but after conclusion of testimony the jury was withdrawn and the case submitted to the court on points of law.

Seeking an equal division of German township property, Martha Delight of Uniontown, filed a suit in equity, Tuesday against Anna and William Moser of Germantown. The suit is to secure proper division of 124 acres of land.

In the case of Rohke-Wilson company against the Summit Hotel Company, and George Bailey as guaranties, rule was granted on the guaranties, Tuesday, requiring him to show cause why judgment should not be entered against him for \$750.

Court will be called at 12 o'clock tomorrow, to pass upon the vote cast in Conneessville, yesterday for and against the proposed bond issues.

John F. Kusselman must pay his wife, Ellen Kusselman, \$15 per week alimony and \$100 counsel fees, unless he shows good reason why such payments should not be made. A rule was granted on him Tuesday, following presentation of a petition by Attorney D. M. Hertzog, representing Mrs. Kusselman.

## DIPHTHERIA CASE

**Reported to the Board of Health This Morning.**

The first case of diphtheria reported to Health Officer Allen (first in his district for many weeks) was turned in this morning. Little Ella Hampl, aged 11, is the victim. She is the daughter of Charles Hampl of South Conneessville.

This is the only case of infectious disease within the district of Health Officer Hyatt a no present time.

**An Invitation to Women.**  
The Lydia E. Pinkham Medicine Company of Lynn, Mass., cordially invite any woman interested to call at their laboratory at Lynn, Mass., and see for herself the care which is taken with the vast correspondence received from the women of this country. No letter or testimonial has ever been made public without the written wish or consent of the writer. No confidence has ever been violated, and never in their history have they sold or disposed of any of their letters from women. It is for these reasons that thousands of suffering American women every year feel free to write Mrs. Pinkham for her valuable advice, which is always given free of charge.

**How About Your Insurance?**  
I negotiate for cash all forms of LIFE and ENDOWMENT insurance policies issued by the Federal Life and Endowment Company. I also negotiate for loans, paid up policies which have not reached their dividend or settlement period and frequently lapsed policies if same can be re-instated. If you are surrendering a policy, see me before you do so. Millions of dollars are each year to surrendering policy holders because they did not know their policy had a MARKET VALUE greater than the insurance company's cash or loan value. Information and advice free. Robbins & Evans, 311 Second National Bank, Conneessville, Pa. wed.

**Eliminating Old Treaties.**  
The Webster, Monaghan, Bollovan and Fayette City Street Railway Company is making a bill at the north end of the old bridge, which will eliminate the old bridge, which crossed the creek bottom at the foot of Main street.

**Roosevelt Will Help.**  
BOSTON, Mass., July 13.—(Special.) Colonel Roosevelt will enter the Massachusetts campaign in October according to the announcement of the Massachusetts Republican Club today.

**A Uniontown Aeronaut.**  
R. C. Jennings of Uniontown, aged 19, is seeking fame as an aviator. He expects soon to launch an aeroplane of his own manufacture.

## Ten Newark Men are Under Arrest; Murder is Charge

United Press Telegram.

NEWARK, Ohio, July 13.—Mayor Amick today announced that ten men are arrested and charged with first degree murder awaiting the action of the grand jury in connection with the recent lynching episode. The men have all been refused bail at any price.

Louis Bolton, proprietor of a "beer" saloon, prominent politician and brother of the City Solicitor is among the 10 men arrested. Attorney General Denham will take personal charge of the grand jury. More arrests are expected and these are anxious days for many Newark citizens. The affidavits and evidence charging the Newark officials with misconduct in office are being temporarily in the vaults of the Cleveland Detective Agency, whose operations resulted in the lynching. Harry Bradbury, head of the bureau, says the evidence is appalling.

## Gov. Hughes and Roosevelt Talk N. Y. Politics

United Press Telegram.

OSTEN, N. Y., July 13.—Colonel Roosevelt today said in a statement: "Governor Hughes and I had a delightful time. We talked politics and discussed the qualifications of the gubernatorial candidates."

"My position regarding the governorship is that we must find the best man for the office, the one most acceptable to the rank and file as well as the independent voters."

Colonel Roosevelt declined to discuss the candidacy of William Leach, Jr.

## COMMENDS SPIRIT

**Of Kell Long in Offering Site for Stand.**

Secretary J. Fred Kurtz of the Chamber of Commerce stated this morning that the public spirit and generosity of Kell Long in offering a site for the band stand is appreciated by those interested in securing the erection of the stand but no action would be taken on the matter unless the proposition is met at hand.

While the site suggested by Mr. Long is very desirable, the Chamber of Commerce prefers to erect the stand on public ground. It further feels that the School Board will grant permission to place the stand on the school property, so many members having pledged their support to the proposition.

## CHOOSING A HUSBAND

**A Well Known Writer Gives Some Very Good Advice.**  
Dorothy Dix, who is, perhaps, the most widely known woman writer in America, says: "In picking a husband select a man who not only makes money, but saves some of it. You may rest assured that a man who is a spendthrift before marriage isn't going to change his nature because you have changed your name. The man who truly loves a woman will be willing to save his money to provide for her properly and a good way to do this is to save a large account with the First National Bank of Conneessville, where savings are absolutely safe and 4% interest is paid. \$1 opens an account."

## FOURTEEN ARRESTS

**Made at Davidson Island Looking For Suspect.**

Fourteen men were arrested yesterday afternoon near Davidson Island by Special Officer John H. Delemore of the Pennsylvania railroad and Officer Barthold Butler of the local force. Delemore was looking for a suspect wanted in Pittsburgh for shooting a policeman.

Of the 14, Burgess Evans held seven Americans. He started the seven for owners arrested towards Indian Creek, where they are expected to secure work on the construction gangs.

## FALLING HAIR

**Can Easily Be Stopped, Also Dandruff and Itching Scalp.**

If Parlsan Sage doesn't stop falling hair, itching scalp, and eradicate dandruff in two weeks A. Clark stands ready to refund your money without argument or red tape of any kind. Parlsan Sage will put a fascinating radiance into any woman's hair in a few days. It quickly cools the scalp and drives away all obnoxious odors. Susanne Calhoun, of Hotel Royal, Bucyrus, Ohio, on March 26, 1910, wrote: "Last August my mother's hair began to come out very badly and her scalp was so sore it was very hard to do anything for it. We decided to use Parlsan Sage and it proved a GRAND SUCCESS in every way. Her hair stopped coming out, dandruff all disappeared, soreness all left the scalp and her hair is coming in again very nicely. We only used three bottles. We recommend it to every one needing it and feel that we cannot praise Parlsan Sage too highly."

Parlsan Sage is sold by druggists everywhere and by A. A. Clark for 50 cents a large bottle. Mail orders filled, charge prepaid, by: Groux Mfg., Buffalo, N. Y.

### LONG SILENCE

Maintained by Hermit in New Jersey For 31 Years.

Somerville, N. J., July 12.—Silas Hoffman, the hermit of Bedminster, who, while apparently in perfect health, had kept his body and refused to speak for thirty-one years, in death, he passed away maintaining the silence which he had steadfastly preserved for more than a quarter of a century. Just before he died he made an effort to speak to his devoted sister, Mrs. Margaret Lane, who has cared for him in his lonely habitation throughout his eccentric career, but it was too late. Through long years of silence, in which he never uttered a word, he had lost his power of articulation.

Hoffman was sixty-seven years of age and for nearly half his life he had kept his body through no physical inability to leave it. His eternal silence and his blank smile baffled alienists up to the time of his death and no physician could declare him insane as his condition was apparently normal. At different times during his life he had been thrust into his flesh by physicians without having the effect to make him wince or utter a sound.

### TAKES FLING AT GARFIELD

Charles P. Taft's Paper Says He Has No Chance.

Cincinnati, July 13.—The Times-Star, whose proprietor, Charles P. Taft, is a brother of the president, prints the following editorial:

"Mr. Garfield deserves all the nice little dinners Cleveland will give him. He is a remarkable figure in Ohio politics. He is the one Republican in the state for whom Colonel Roosevelt could take the stump every morning and every night during the campaign without giving him the slightest chance for victory."

### INVENTOR DIES A PAUPER

William McInnes, Old Telegraph Operator, Ends Career in Almshouse.

New York, July 12.—William McInnes, an old telegraph operator and an inventor, is dead in the Warren county (N. J.) almshouse at the age of eighty.

McInnes invented the hotel annunciator and is said to have received \$30,000 for the device. Later on he invented a railroad brake, but could not get it on the market. He fell into poverty and entered the poorhouse. His family has not been found, and his body probably will be buried with the paupers.

Sent Threats to President Taft.

Austin, Tex., July 13.—Donatilo Chosser, a Mexican revolutionary sympathizer, was arrested by federal officers at Port Arthur, charged with sending cards through the mails addressed to President Taft and President Diaz, threatening to blow them up with dynamite if they do not release certain Mexican political prisoners now in prison in this country and Mexico.

Scotty Again on Death.

Reno, Nev., July 13.—"Death Valley Scotty" declares he has found in Humboldt county, Nev., a gold mine that is richer than his mysterious alleged storehouse of wealth in Death Valley.

## THE BOND ELECTION AND ITS LESSON.

Like the Democratic primary last month, the Conneltsville bond election of yesterday went by default. Less than 20 per centum of the vote was out. The funding issue of \$35,000 was approved, but the \$45,000 street improvement issue was rejected. It is evident that both measures would have been carried by large majorities had there been anything like a full or even fair vote out. The few hundred votes recorded against each measure represented the larger portion of the opposition. At elections like this, the citizens who are opposed are usually present in full force at the polls, because their prejudice is positive and forceful enough to get them here, on the other hand, unless he has an active interest in promoting the bond issues the average citizen votes in the affirmative only if he happens to think about it and it is convenient for him to go to the polls.

While the net results are not all that are to be desired, the taxpayers of Conneltsville can congratulate themselves on the fact that the funding bond issue was approved. Its rejection might have meant serious trouble to the town. As has already been explained in these columns, it was the business thing to do. The debts must be paid. While their contracting may have been an illegal act on the part of the board of trustees, for which they could probably have been made to answer, the fact does not furnish a defense against the claims of innocent creditors. A peculiar thing about the election was the opposition of some citizens who had materially aided as public officials in bringing this condition about. They objected to localizing the financial burden. It was a splendid example of stubbornness.

The defeat of the street improvement loan necessarily defers some permanent improvements which should have been made, not only because they are needed, but also because of the fact that Conneltsville is just now putting its best foot forward in an earnest and forceful attempt to build up the town by the location of new industries. A well-paved and sewer town is attractive to capital. It is probable, however, that some of these improvements may be made if the axes and other dues in arrears are collected more closely.

This election was characterized by the utter absence of any of the influences brought to bear by political workers, and the result does not speak well for those substantial citizens who frequently grumble about election results, but who are as much to blame for them as any other contributing influence. If they would do their duty as citizens and take a properly active part in nominations and elections, the results might be vastly different. The results yesterday were due largely to the apathy of this class of citizens.

## THE INCREASE IN NATURAL GAS RATES.

The sound of the denial of any intention to raise natural gas rates had hardly died away until the company issues a notice to the public conveying the exact information that owing to the high cost of gas recently living, that in any of the cost of production, gas rates would be advanced from 27 cents to 40 cents per thousand, or from 25 cents to 37½ cents net, being a net increase of 10 per cent.

At the same time it is announced that consumers of more than 150,000 feet a month will be allowed a rate of 20½ cents gross or 18 cents net, and for all gas consumed above 300,000 feet the rate will be 14½ cents gross or 12 cents net. The policy of the company is to allow large consumers materially reduced rates, and to make up any loss of revenues in this direction by increasing the tariff on the humble consumers. This rule is common to commercialism, however, and its application to the gas business is not new or strange. In fact, it has already been in force. Special contracts have been in existence right along for manufacturing plants using large quantities of gas. Such contracts have not been popular recently because of the company's active policy. The circular announces, however, that at a cost of a million dollars it has acquired ample producing territory in West Virginia and will be able to meet all demands.

It is probable that the West Virginia territory that led to the advance in local gas rates. West Virginia is preparing to lay a special and steep tax on natural gas. Under cover of conserving its natural resources the enterprising government of the Mountain State proposes to make Pennsylvania and Ohio pay the cost of that government's maintenance, and the Fayette County Gas Company is getting ready to stand and deliver by in turn holding up its Pennsylvania consumers. Following the invariable rule, the taxes fall on the ultimate consumer.

Natural gas is one of the luxuries which the Fayette county public will not give up as long as the tax is not

crushing. The thought of going back to coal is too much for the cleanly housewife, and even hubby has disapproving visions of curling coal and ash on and constantly attending the smoking stoves and fireplaces.

The increase in natural gas is not welcome, but we will have to grin and bear it.

The Morning Noon-and-Night-Herald has split upon its hands and rolled up its circulation since and under a High Water Mark of 10,000. There has always been considerable doubt as to the precise meaning of this High Water Mark, but we are reliably advised that it means the total circulation of the Herald for last week, including this special flight extra bundles of which didn't circulate at all.

The source of the hot weather has been discovered. It's the Gulf Stream. It has been flowing too strong and too close to the Atlantic Coast. We would respectfully suggest that the G. S. keep off the shores during the summer season and come back when winter overcoats are due.

The Pittsburgh Gazette Times speaks of the "Pure Land act." The Morning Herald doesn't say it word. Is it possible that the Newton Newkirk of Pleasantown is discriminating in his criticism?

There is much speculation as to whether the floods, the Vanderbills or the Rockefeller are furnishing the money for the extension of the Western Maryland. Don't let's worry about it. This railroad is more important to us than the color of its money.

The bond issues lacked workers at the polls, but they had a fair amount of free dissemination at the hands of the newspapers.

Connellsville has a new and important industry which perhaps not even the Chamber of Commerce knows anything about. A bloodhound factory has been established on the West Side.

Unlabeled has an ambitious flying machine inventor and he has been likened unto Darfus Gerson. Darfus, it will be remembered, had the right idea but he had no gas engine. The automobile developed the gas engine, and the gas engine developed the airplane.

## SCOTSDALE PICNIC TO IDLEWILD

Will be Held Wednesday,  
August 10th as Fixed  
Upon.

### PLENTY OF AMUSEMENTS

Geyer Opera House Change—Prestman Has Hand Caught in Grippers. Young Lady Burned by Gas Explosion—Bike at Detroit, Convention.

Special to The Courier.  
SCOTSDALE, July 13.—Chairman William Ferguson last evening named the committee which will have charge of the Scottdale and Idlevild picnic. He announced the time was set for Wednesday, August 10 and the place Idlevild park. This is the same week as the Western Pennsylvania Farmers' convention and the Dawson race, so the people of the community will have plenty of pleasure at their disposal. The committee are: Transportation and Grounds, F. H. Leitzell, C. M. McCracken, J. I. Murphy and J. C. Trimble; Advertising, T. H. Rutherford, George Barkell, J. C. Evans and J. C. Kenny; Amusements, W. S. Goshorn, J. B. Hart, J. F. Ryan, O. A. Rush and D. C. Fettes; Refreshments, S. A. Lowe, Joseph McFadden, J. M. Koonell, Roy Kubus, F. V. Perry and W. G. Esch; Finance, C. A. Colborn, H. H. Parker, C. M. Jantz, Dr. C. W. McKee, S. R. Rutherford; Music, F. R. Parker, C. H. Gery, C. H. Leitch, H. L. Seitz, W. J. Barkell and Frank Hardy; Basket, J. Meador, H. A. Jackson, H. D. Stout, John Kitchin, T. J. Hill, P. J. May, M. M. Trout, Simpson Wiley, J. M. Stotter, J. E. Grantham, C. Lee Mollinger, M. A. Rumer, J. L. Raynor, F. M. Lewellyn, H. H. Hurch, W. A. Taylor, T. W. Hayes, W. T. Reed, E. R. Carter.

Opera House Change.  
The lease of the Geyer Opera House was transferred from (Pittsburgh) to the theatre yesterday afternoon and the entire charge of L. J. Butternore who has so successfully managed it while Mr. Marks of the first of Marks & Goldenore has had the house for the last year. Mr. Butternore is a member of the Eastern Managers' Association of which Fred Robbins, of the Solvay theatre in Connelville is also a leading member and this insures the best road attractions out for the coming season. Arrangements are being made for several first class shows to be run here this season.

Left Finger Injured.  
Raymond Rutt, a policeman on the Independent, while at work in the office about 8:30 last evening had the misfortune to have the third finger of his left hand caught in the gripper of a large press. The entire end of the finger with the bone were pinched off, and it required three stitches to close up the wound, which will keep the young man away from duty for awhile.

At Elks Convention.  
Among those from the Elks lodge No. 777 of Scottdale who are at Detroit, Michigan, attending the national convention this week are: Mr. and Mrs. L. E. Carter, Mr. and Mrs. M. J. Kelly, Edward Anderson, Eugene A. Keller, Joseph Malm and John J. Hawthorne. John T. Hamby is the representative of the lodge.

Large number of boys' hats left for the Presbyterian camp up on Indian creek, which is in charge of Physical Director J. H. Adams of the Scottdale Y. M. C. A. The boys took along a complete paraphernalia of camping stuff and expect to return to town in very bulky condition.

Attending Method School.  
Miss Amy J. Porter of near town in Idlevild this week attending the Sunday School of Method.

Gas Explosion.  
The explosion of accumulated gas in the boiler of a stove burned Miss Lida Barrell severely on Sunday. She opened the door of the boiler and the flames burst into her face and over her hands and arms. Her right arm was burned to the elbow, while her left arm received but a small burn, but her face was burned all over. The burns were extremely painful are not thought to be of lasting effect.

Mother's Plea Availed.  
It was the plea of his mother that he be given a chance to gather together \$12.00 that gave George Clark of Hallowell township a chance to sidestep the doors of the Fayette county jail. Clark was charged by Ross Butler with using violent talk, making threats and otherwise acting in a disorderly way. The case was heard before Justice of the Peace John C. Brownfield of East Scottdale, and the justice levied a fine of \$1 and costs, making a total of \$12.00, or 30 days in jail. On Clark's mother making a strong plea he was given a chance to get the money and escape public bonding.

Spent Day in Town.  
George Miller, a well known newspaper man of Westmoreland county, was here from Irwin, and spent the day on business in the Mill Town yesterday.

Following Scottdale Practice.  
Mr. Pleasant is following Scottdale practice in street paving, that of filling in with coke ashes instead of gravel and sand under the paving. This method of paving has been used with perfect results for several years in Scottdale.

### COMPANY COLLECTING.

Gather in Toll Though Bridge Was Freed by Courts.

CHARLESTON, Pa. July 13.—A quarrel state of affairs has arisen at Belle Vernon over the collecting of the Belle Vernon bridge toll by the courts of Washington and Fayette counties. The Belle Vernon Bridge Company owns the structure and, although definite announcement was made that the last tolls would be collected last Saturday it is still compelling the payment of tolls.

The company claims it has not received notice that the bridge has been made free and would still be held responsible for accidents. Preparations are being made to hold a free-bridge demonstration at Belle Vernon, Speers and Charlestown on July 20.

### ACKNOWLEDGE IT.

Connellsville Has to Bow to the Inevitable—Scores of Citizens Prove It.

After reading the public statement of this representative citizen of Connellsville given below, you must come to this conclusion: A remedy which cured years ago, which has kept the kidneys in good health since, can be relied upon to perform the same work in other cases. Read this:

Mrs. Lawrence Francis, 111, 10th St., Connellsville, Pa., says: "Don't know how to thank you for the cure of my kidney trouble about five years ago and I have had no return of it since. This remedy has also been used by other members of our family with the most satisfactory results. It never fails to bring prompt relief from backache and kidney disorders. I value Don's Kidney Pills very highly and am glad to recommend them to other persons who may be suffering from any symptoms of kidney trouble." (From statement dated Oct. 7, 1907.)

Confirmed Proof.  
On Oct. 12, 1909, Mrs. Francis was again interviewed and added the following to her former statement: "The facts in my former statement were correct. The relief I obtained from kidney trouble by the use of Don's Kidney Pills was permanent. I am glad to confirm my former testimony."

## PASSED BALL LETS WINNING RUN OVER.

Miscue by Wolff of Adelaide  
Brings Joy Into Hearts of  
Monarch Fans.

### A RAGGED FIELDING GAME

Winning Team Piled Up Seven Errors  
Behind Its Two Pitchers While Adelaide Had a Quintet of Slips—Lang Holds Visitors Hitless.

A passed ball by Wolff of Adelaide in the eighth inning of what was intended to have been a seven inning contest gave the game to Monarch yesterday afternoon on the Monarch grounds. Kane crossed with the winning run, having gone all the way to third base on a fumbled grounder by Redlesky, and coming in on the passed ball. The final score was 3 to 2.

Adelaide started out like a winning combination and scored runs in the first two innings. They also garnered all their blunders in this time for Lang supplanted Bailey in the box and held the visitors hitless for the balance of the session. He fanned eight men in this time.

Monarch scored first in the sixth inning when Oldland felled on Clawsen's long hit to center. Bailey tied the score in the next inning when he reached first on Burns' snarl, stole second and came home when Thomas hoisted the ball.

With the score tied the game went into the eighth inning. Adelaide was blunked but Kane worked his way around the circuit and crossed with the winning run. The score:

### UNITED IS COMING.

Crack Westmoreland County Team Will Play at Davidson Thursday.  
Davidson will play United at Slipps grounds on Thursday. The return game has been arranged by Manager Gove and a cordial reception is planned for the Westmoreland county boys. Sheets will pitch for Davidson and Jones will catch.

Following the game the United boys will take supper at the Arlington hotel before returning home. The Davidson boys were treated royally when they went to United some weeks ago and they want to give the visitors an equally good time here.

### TRAINING BLOODHOUNDS.

Firm on the West Side Now Have Seventeen Hounds.

P. B. Kessler, of the West Side, has started to train some of the older of the 17 bloodhounds which he is raising. Last evening he took four, valued at a little over a thousand dollars, out on a trail that led up through Main street on the Connelleville side of the river. The animals attracted a good deal of attention.

Mr. Kessler is in partnership with J. J. Roland, who recently refused \$300 for one of the dogs out last evening. The older ones are two years of age, while the smaller are only ten months old.

### HERRMANN HEADS THE ELKS

Cincinnati Man Is Elected Grand Exalted Ruler at Convention.  
Detroit, July 12.—When the Grand Lodge of Elks began its first executive session in the Lyceum Theater it was found that the attendance of grand lodge members broke all previous records.

The election of officers was the first matter taken up by the grand lodge and the office of grand exalted ruler was, of course, the first to be filled. There was no contest for this position, the honor going to Garry Herrmann of Cincinnati.  
Other elections were: Edward Leach, New York, grand treasurer (re-elected); P. H. Shilean, Clarkburg, W. Va., grand clerk (re-elected); Atlantic City was unanimously selected for the 1911 convention.

### DALZELL'S MAJORITY

In the 39th District Over Black Is 207.

Pittsburg, July 12.—With one precinct yet to be counted Congressman John Dalzell has a majority of 207 votes over Dr. R. J. Black for the congressional nomination on the Republican ticket in the Thirtieth district.

Dalzell made a net gain of three votes by the recount, his supporters having claimed for him a majority over Black of 204 immediately after the primaries June 4.  
The count made by the commissioners, which is unofficial, gives Dalzell 11,045 votes and Black 10,838. Mistakes were discovered in sixty-three of the 171 precincts in the district. The errors were sometimes in favor of one candidate and sometimes the other.

### LOSES MONEY AND WIFE

Turk Spends Last Cent to Buy Gun to Hunt For Countryman.

Fayette City, Pa., July 12.—After spending the last of his money for a revolver to use when he finds four of his countrymen, who, he says, robbed him of most of his money and then spirited away his wife, Emanuel Korbus, a Turk, was arrested here as a suspicious person.

Korbus told the officers he came to this country some time ago. Later his wife followed him and the couple went to Pittsburg. Last Saturday Korbus said he was attacked, beaten and robbed by four Turks and when he went to his home his wife had disappeared. He says he traced his wife and the four Turks to this place.

### ETHERINGTON AT DERRY.

Worked as Deputy; Relative Secures Photo of Him in Group.  
GREENSBURG, Pa., July 12.—Carl M. Etherington, the "dry" detective who was lynched at Newark, Ohio, last Friday night, worked several weeks as a deputy sheriff at the Penaut coal mines in Derry township. He came here from Pittsburg. While at the mines he and several other deputies were photographed, Etherington for the first time.

In writing home he told of the picture, and today a relative went to Derry township and obtained a copy of it at the photographer's studio. Etherington quit his position here two weeks ago, going to Pittsburg.
